Anybody with common sense knows that this is the time of year that a merchant wants to get rid of his stock of overcoats. That's what's the matter with Hopkins. He has too many on hand and he will just about give them away, rather than carry them over. Just come and get prices, that's all we ask. It.

Walter Maze, son of Jackson Maze, of Barnett township, had the bones of his left ankle badly crushed last Friday by getting caught under a load of bark which he and a number of others were "hauling" down a hill. Drs. Towler and Stonecipher attended the young man. The leg was badly crushed and it cannot be told now whether the young man will lose his leg or not.

We received communications from a number of correspondents this week we were unable to publish on account of lack of space for which we are very sorry. But as this is the last time that we will have to run the Auditor's report this year we will now devote plenty of room and we will be glad to have a part of it to county correspondence. We hope that none will be offended who have been left out.

The Washington's Birthday entertainment, the program of which was printed in last week's REPUBLICAN, and which was given under the joint auspices of the G. A. R., the W. R. C. and the Literary Society, was a grand success and great credit is due to those who took part. We would like to make special mention of all the different numbers on the program, but space will not permit. Suffice it to say that all did exceedingly well. The only drawback to the whole entertainment was the inability of Capt. Knox to be present and conduct the flag drill to which he has given so much time. But his place was ably filled by Prof. Speer and J. B. Eden.

THE Y. P. S. C. E. CONVENTION

Held in the Presbyterian Church at this Place Last Friday a Successful Affair.

The convention of the local union of the Young People's Society of Christian Endeavor, which was held in this place last Friday afternoon and evening was considered one of the most successful ever held by the society in this locality. There was a very large attendance of delegates.

The home society expected a very large attendance of delegates but the crowds that came so far exceeded all expectations that for a time it seemed that a large number would have to get hungry if they all depended on getting their supper at the society rooms in the church. But our young people are equal to any emergency and it was but a short time until they had enough "grub" on hand to feed the large assemblage of delegates and other visitors. It is estimated that over 400 people were fed and that is a pretty good showing for a town of this size, and judging from the reports of papers in neighboring towns which sent delegates everyone was satisfied with the manner in which they were entertained. This union has had a wonderful growth in its numbers and influence since its organization in 1892. It is at present composed of 20 societies from Oil City, Titusville, Franklin, Tionesta, Pleasantville, Utica, Siverly and Endeavor, and according to the report given by the secretary Friday evening, has a membership of about 1,000. Three conventions a year are held by this union.

A new departure has recently been made in the manner of conducting the meetings by the addition of an afternoon meeting, at which open parlance and discussions are introduced and indulged in an informal way by delegates and representatives of the various societies. The plan adopted has proven a great success. The church at Tionesta, seating 600, was well filled Friday afternoon to listen to and take part in the discussion on the "Lookout Committee and Its Work." The Rev. S. A. Cornelius, of Oil City, conducted the meeting and a number of papers and short addresses were given by delegates from the different societies of the union. A junior exercise was also given, consisting of a "responsive exercise," sayings of Christ, and a musical drill, followed by appropriate papers by Mrs. Wm. Smearbaugh, of Tionesta, and Mrs. W. H. Wise, of Oil City.

The evening meeting was attended by about 800 people and the roomy edifice was packed almost to suffocation. The Rev. W. Y. Chapman, of Franklin made the address of the evening; subject: "The Ultimate Aim of Christian Endeavor." This address was eloquently rendered and well received by the large audience. Officers for the coming year were elected as follows:

T. A. Armstrong, Tionesta, president; George Edgett, Titusville, vice president; R. E. Small, Oil City, secretary; W. E. Williams, Franklin, treasurer; R. E. Small was elected delegate to the international convention, to be held in San Francisco, Cal., next July. The next local convention will be held at Oil City.

We have frequently been amused at people who do not subscribe for their home paper being so bash as to criticize some of its utterances. What business of theirs is it what the paper says? It doesn't help maintain it.—E.

At a meeting of the Democratic County Committee held in the Sheriff's office last evening R. M. Herman of this place was elected chairman, and J. C. Miller of Kellettsville as a delegate to the State convention. Saturday, May 8th, was the date chosen for holding the primaries.

During a sermon being delivered by Rev. John Hulchins in Utea county, Tenn., recently he made use of these words: "The Lord directed the bullet that killed Abraham Lincoln." The congregation became furious and the minister found it necessary to take to the mountains.

Clothing! Well, if that is what you want just call on L. J. Hopkins, at the Iron building, and he will quote prices that are so low that you won't be able to get your pocketbook out quick enough. Come and look over the enormous stock, even if you don't want to buy. No trouble to show goods. It.

This is one of the largest terms of court that Forest county has ever known and there are so many people in town that it is almost impossible to secure sleeping apartments for them. We would like to mention all of the vicinity people who are in town, but we would have to name the paper if we did.

I. E. Dean, of this place has a well preserved copy of the Uster county, N. Y., Gazette which is dated Jan. 4, 1800 and contains an account of the death and interment of Geo. Washington. The paper was issued at Kingston, N. Y., and is an excellent sample of the art of printing as practiced in those days. While the date of the paper is Jan. 4, 1800, it contains foreign news dated as far back as Oct. 9, of the previous year, which shows considerable of a discrepancy between the telegraphic service of that day and the present.

Two gentlemen from Tionesta, Messrs. J. D. Swartles and Ed. Hunter met with serious misfortune when driving into the city Saturday evening. Just beyond the east end toll gate they were run into by another rig whose occupants were three men and a woman. As a result of the encounter the horse driven by the Tionesta party, an animal belonging to the livery of S. S. Canfield received a stab in the breast to a depth of several inches by the tail of the other rig. It is probably fatally injured and is at Pastorius' stables. The gentlemen state that they had given the proper passing room as well as a call of warning to those of the other vehicle, who even after the accident were disposed to be insolent and quarrelsome.—Titusville World.

FINDINGS OF THE GRAND JURY.

The grand jury, which is still in session, with Jonathan Albright as foreman, has several cases yet to be acted upon.

Songer, prosecutors, true bills were found, and the defendants plead guilty when brought into court on Tuesday. Sentence has not been passed.

Com. vs. Annie Haines and Phoebe Rockwell, charge of receiving stolen goods, Messrs. Holland and Cochran, Pros., true bill. Defendants plead guilty. Sentence not yet passed.

Com. vs. Geo. Noblit, charge, embezzlement, J. A. Nash, Pros., true bill. Indictment granted.

Kellettsville.

Meetings are held nightly in the F. M. church since the general quarterly meeting on the 8th. A few have shown symptoms of salvation, but up to date the epidemic has not been as serious as the ministers would like.

The Kingsley Twp. local institute which was held on Saturday was well attended and much good work was discussed. The proper officers were in their respective places and with the assistance of Supt. Stitzinger, who so ably helped the institute with his numerous remarks and especially by his talk on "Habit," were well received and applauded. The thanks of the institute and also the citizens present are due to Dr. Detar and wife and Mrs. A. Presho for valuable music rendered throughout the session. We would like to give here a detailed account of the program, but space will not permit, but suffice it to say that all did splendidly. It has been decided to hold another institute beginning Friday evening, March 19th, and continuing during all of next day. There will be a debate in the evening by some of our talkative citizens, the question being "Compulsory Education." Dialogues and recitations will also be rendered.

There will not be school in room No. 2, this week as the teacher, R. A. Stickenber, is attending court as a juror.

One of our fair damsels who has grown weary of traveling through this vast space in single blessedness has joined hands and fortunes with one of Brookville's best young men. The lady in question is Miss Nettie Wolfe and the gentleman, Stephen Lytle. They were quietly married by Alderman B. McSteen of Oil City on Monday. At present they are visitin the bride's parents at Crow Hill. They have the best wishes of the entire community and also ye scribe.

T. J. Fleming and Ralph Ault were in town over Saturday night.

W. A. Kribbs had the misfortune to sprain one of his ankles a few days ago, but we notice Wm. is able to be around again.

Among those from this place who are going to attend court this week are the following: J. H. Dotterer, A. H. Downing, H. B. Dotterer, M. Andrews, H. L. Benoit, W. A. Kribbs and wife, J. C. Miller.

Mrs. Nancy Smith of Whig Hill is on the sick list. She is under Dr. D-tar's care.

Chas. Pope, who has been suffering from inflammatory rheumatism for the past six weeks, has so fully recovered as to be able to hobble around the house. Saturday he was taken with cramps and Dr. Detar had to be summoned to relieve his sufferings.

The ice is in the best condition now to skate on that we have seen all winter and both young and old, large and small, can be seen enjoying themselves.

The Superior Court has decided that newspaper men are disqualified from serving upon juries in this Commonwealth. That's the way it goes. The county editor will have no chance to make a living at all after a while.

A Ridgway attorney tells us that the following is a verbatim copy of an order received by a merchant of that place: Please send down some time this afternoon a sack of flour, one pound of Java and Mocha coffee, half pound tea, same as before. My wife gave birth to a baby boy last night, also a screw driver, small one, and a sack of salt. It weighed ten pounds and a quarter's worth of cigars. I send money.—Warren Democrat.

Suit has been entered in the Blair county court by twenty-nine Blair county constables against the county commissioners as a test to determine whether or not the officers are each entitled to a fee of \$1.50 and mileage for making their returns to court. The legal question for the court to decide is whether the constables' fee law of 1893 repeals all other statutes on the same subject.

An exchange aptly says: Never grope because a newspaper fails to give every scrap of news so long as you take no trouble to give the information. We have heard of readers who are awfully put out at times because we make no note of arrival and departure of friends visiting them or of social affairs, or of the heaven-sent babies that visit their homes over night. The average newspaper man isn't a medium, nor a mind reader, but gets most of his news the same way a milkman gets his milk—by pumping.

If you have ever seen a child in the agony of a group, you can appreciate the gratitude of the mothers who know that One Minute Cough Cure relieves their little ones as quickly as it is administered. Many homes in this city are never without it. Health & Killmer.

Not long ago a farmer who lives three miles from here, came to my store before breakfast and bought a bottle of Chamberlain's Cough Remedy. He said that his little boy had a bad cold, and as they had used what they had in the house his wife would not let him go to school until he came and got another bottle. The little boy who was with him remarked: "Now I will soon be well, for Chamberlain's 'C' medicine always cures me." R. C. McElroy, Black Hawk, Pa. In speaking of this remedy Mr. McElroy says people come far and wide to his store to get it, and many of them would not know what to do without it. For sale at 25 and 50 cents per bottle by G. W. Howard.
